# Stainless steel trucks and galvanised trucks

The stainless steel trucks are made to be used in special environments such as food, pharmaceutical and chemical industries, which require specific standards of cleanliness and hygiene and in the presence of particular corrosive agents.

In addition, in order to satisfy customer requirements, we can make hybrid trucks, which are composed of a mix of galvanised structures and stainless steel parts, depending on customer needs.

3 - Power pallet trucks  
K9 SBM capacity 2.000 kg

1 - Stackers counterbalanced  
SBC C capacity 600 kg

2 - Stackers galvanised  
SBM capacity 1.200 kg

4 - Stackers  
TV capacity 1.200 kg

5 - Power pallet trucks  
K9 T capacity 2.000 kg

# Airport trucks

Due to our experience in airport goods transport, we have manufactured for several airports, specific trucks for handling cargo loads (container).

1 - Power pallet trucks  
Atlas capacity 6.000 kg

2 - Power pallet trucks  
Atlas capacity 7.000 kg

3 - Power pallet trucks  
ATLAS capacity 5.000 kg

4 - Power pallet trucks  
K9 SBP XT capacity 10.000 kg

CSI

# Counterbalanced trucks and counterbalanced reach truck

Established from purely handmade requirements in the early 70's, they have become niche products. The production of the Counterbalanced trucks is a new generation, in fact, succeeded in solving the problems of loading and unloading of goods, where the legs of traditional stackers-trucks, made difficult the handling and manoeuvrability of pallets in the aisles, for picking and storage of pallet itself. Furthermore, because of the compact dimensions give themselves the possibility to be used for countless solutions, replacing the traditional fork lift truck, much bigger.

1 - Stackers counterbalanced  
SBC XT capacity 1.200 kg

2 - Stackers counterbalanced  
SBC C 600 kg

3 - Stackers counterbalanced  
SBC capacity 1.000 kg

4 - Stackers counterbalanced  
SBC C XT capacity 600 kg

5 - Stackers counterbalanced reach truck  
SBC RS XT capacity 1.200 kg

6 - Stackers counterbalanced  
SBC XT capacity 2.000 kg

1 - Stackers  
SB TAV capacity 1.200 kg

2 - Stackers  
SBP TAV capacity 2.000 kg

3 - Stackers  
SBP XT TAV capacity 3.000 kg

4 - Stackers  
SBP XT TAV capacity 4.000 kg

# Stand-on & sit-on trucks SOB

The Special stand-on & sit-on trucks are often used during the whole working day, for this reason we provide the creation of a wide range of products from which the user, due to an ergonomic design, has the possibility to enter the driver's seat and handle easily and confidently.

The adjustment of the seat and handle control panel, offer the chance of adaptation to such different sizes, thus ensuring the highest comfort, so better work performances are guaranteed and consequent increasing of productivity.

1 - Power pallet trucks  
K9 SOB XT capacity 3.000 kg

2 - Power pallet trucks  
SOB XT capacity 3.000 kg

3 - Power pallet trucks  
SOB XT capacity 7.000 kg

4 - Power pallet trucks  
K9 OB XT capacity 3.500 kg

5 - Power pallet trucks  
K9 SOB XT capacity 4.000 kg

# Dies handler trucks

We have been working for over 25 years, with a companies recognised worldwide for picking and handling of dies. Our trucks, with their equipment, have solved many situations of picking, positioning on the machine, and finally storage, due to the union of the know-how of both companies.

By making trucks for such different types of dies, we gave to the end user, the ability to operate totally safely, moving dies from the weight of 1.000 kg to 10.000 kg.

1 - Power pallet trucks  
K9 SOB XT capacity 4.000 kg

2 - Stackers  
SBP XT capacity 8.000 kg

3 - Power pallet trucks  
K9 SBM XT P capacity 10.000 kg

4 - Stackers  
SOB XT capacity 12.000 kg

# Power pallet trucks for coils

In addition to lifting stackers for coils, we manufacture power pallet trucks for low lifting heights, for any type of reel for being handling such as paper, iron, rubber, wire, fabrics etc. Different coils of various diameters and lengths, permitting to lift safely and carry loads that exceed even the weight of 20.000 kg.

1 - Power pallet trucks  
K9 SBM P capacity 4.000 kg

2 - Power pallet trucks  
K9 SBM capacity 5.000 kg

3 - Power pallet trucks  
K9 SBM XT capacity 20.000 kg

4 - Power pallet trucks  
K9 SBM XT P capacity 6.000 kg

5 - Power pallet trucks  
K9 SBM XT P capacity 12.000 kg

# Special power pallet trucks

The Power Pallet Trucks have always been the strength of our company. By over 10.000 trucks sold all over the world, we are able to find solutions for any type of goods the customer should handle. This happens regardless the sizes from the length, the width and the weight, which it can vary from 1.000 kg over to 20.000 kg.

1 - Power pallet trucks  
K9 SBM XT P capacity 2.500 kg

2 - Power pallet trucks  
K9 SBM XT P capacity 3.000 kg
